fmsanudo@geoatlanter.com

## **What should the users of the enmacc platform know about your company?**

GeoAtlanter is a Spanish company pioneer in the electricity market. We have a growing relevance as energy supplier as well as we promote innovations on the generation side, specially focused on photovoltaic technology. We design, build and manage solar plants for us and third parties.

## **What are the key facts about GeoAtlanter?**

We are trading power and GoOs. We are flexible and not afraid of profiles but our primary interest is on standard products. Right now, the Spanish market is our only market.

**What are your expectations from enmacc?**

We would like to meet new partnerships and participate in the GoO's market.

**Which products are you most interested in?**

Baseload swaps on power and GoOs.

**Are you interested in new counterparties?**

Sure. Always welcome.

**On what contract basis can someone become your trading partner?**

We have not operated outside Spain yet, but we are open to do it and hold to EFET.

**Who is the point of contact in your company for setting up new counterparties?**

Fernando María Sañudo Obregón [fmsanudo@geoatlant.com](mailto:fmsanudo@geoatlant.com).

**What should other enmacc users know about your team?**

We are a flexible and innovative team.
